Dr. Algalee Adams, Member of the Faculty Advisory Commission writes:

The Faculty Advisory Commission is gaining importance in terms of its function as representatives of the Faculty membership in the eleven State Colleges. An important strengthening of this position could occur with the inception of House Bill #6412, which will give the Chairman of the Faculty Advisory Commission a vote as a representative on the Board of Trustees of State Colleges. The Bill was passed by the House and is currently in the Senate Ways and Means Committee. The Chairman, Senator James A. Kelly, Jr., is in favor of the Bill. It is important not to allow this session to adjourn without a decision being reached or the legislation will die. Please support this Bill by writing a letter to Senator Kelly urging him to report the bill out of commission favorably so that it may be passed before the end of the session.

Send your letters to: Senator James A. Kelly, Jr., Chairman, Seante Ways & Means State House, Legislative Branch Boston, Massachusetts
